& BOOK IN METERING  
APPOINTMENT

YOUR METER  
IS FITTED & YOUR  
CONTRACT STARTS

1.

4.

4-17. days

21.

### Essentials

- All information must be completed (any missing information can delay the registration).
- If your MAM is installing the meter, please let us know when the meter is due to be fitted.
- If the site is not ready, abortive charges may apply (£150.00). There will also be additional costs if the meter has to be commissioned at a later date.
- Site Parking – are there any parking restrictions or no parking at all? Please let us know when we are registering the MPAN so we can make the engineers aware.

If you have any questions or queries please speak to your Account Manager. Alternatively, you can email [newconnections@yuenergy.co.uk](mailto:newconnections@yuenergy.co.uk)
